Rosewood with a superb high gloss finish and gold-plated tuners are the hallmarks of our Deluxe series. The immaculate finish provides an optical impact in keeping with the tonal quality. This is a perfectly coordinated guitar ? the ideal partner for a long term relationship.

Those in search of a compact, ergonomic, sweet voiced guitar should not overlook the Lakewood A-32 CP. The neck is set into a rosewood body at the 12th fret and the saddle is located in the widest part of the spruce top. This results in a particularly direct response with finest tone and clarity. Snowflake fret board inlays enable orientation while the cutaway permits playability at the highest register. The L. R. Baggs "Anthem" Pickup System provides natural amplification of the acoustic sounds.
