You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.

Lower frequencies require adequate volume. Bass lines need clear definition. The compact 68 cm scale is comfortably playable. The L. R. Baggs "Anthem" System amplifies these naturally at requisite volumes.
