Our Natural Series is all about natural beauty! Wood and form speak for themselves and can be appreciated by touch. Simplicity, utility and highest quality are combined in an unbeatable, conscious understatement. This is a huge guitar with a powerful voice. The basses, although clear, do not overshadow the other registers. This jumbo does not have the imbalances sometimes found in other large instruments. This is a songwriter's guitar which, by virtue of its cutaway and L. R. Baggs "Anthem" Pickup System, make it ready for the stage.
